- Advertise for volunteers as needed
- Adhere to advertising policy
- Review advertising policy annually for presentation to board and at AGM if required
- Find sponsorships for advertising in rink and on website
- Attend monthly executive board meetings
- Provide monthly progress reports to board

School Liaison

As a school liaison your position is to be the contact between the school and the community. You are to report back and forth each month about the council meetings. It is easiest to be on both school council and wuhca council to do this properly but is not necessary. It is important to know your principal and the admin staff and to communicate with them what is happening in our community. Typing up reports for programs we are running so that they can be posted on the schools social media, infocaster screens, school newsletters and internal billboards. Anything that the school may need from the community will be requested through the liaison and reported back at each meeting with WUHCA as well. Examples: Holy Family needed a long jump pit put in on city property so that was dealt with through our WUHCA meeting and our City Representative. Any time there are concerns or issues with our shared gym space that is also communicated through the liaison with help of the booking coordinators. This position is not a voting member position but is an important to have on the board for our schools and for the community. Working together as best as possibly for our community members. As a school liaison you attend each monthly meeting from September to June. You can help out at community events and help others with their positions when asked upon or needed. This position is a fairly easy position to maintain and still be a part of making decisions for the community.

- Submit information for school newsletters from coordinators
- Provide monthly progress reports to board
- Attend monthly executive board meetings
